Wherever There is Pro AVL . . .
There is LynTec

Every power control panel LynTec has ever made is reliable, protective and brilliantly simplistic. Switching at the circuit level is our legacy. While our heritage is in venues like Madison Square Garden, the Austin City Limits Stage at the Moody Theater and the like, our future is everywhere there is amplified sound, performance lighting and distributed video to control.

RPC SERIES PANELS
THE INDUSTRY’S MOST COMPLETE SELF-CONTAINED ELECTRICAL CONTROL PANEL

The patent pending RPC control system is available for controllable circuit breaker panels based on the Square D PowerLink hardware platform. Your RPC panel arrives as a complete hardware/software package and ready to install with standard features that put you in total control without on-site commissioning and LynTec support at your service.

Control at Your Fingertips

- Built-in web server with browser interface
- Set up, control and monitor via smart phone, tablet or computer

Your Systems Your Way

- Interface with any control system that communicates individual circuit addresses in IP, Telnet, DMX, sACN, RS-232 or contact closures
- Enable up to 12 zones, and each zone can be controlled by a different protocol
- Circuit level sequencing with customizable step-rates from fractions to 999 seconds (reverse off)
- Circuit selectable load shedding, auto-on, over/under voltage protection
- Built-in scheduling program with astronomical clock and up to 84 available schedules

Feed 2/0 max.

Isolated Technical Ground Bar
46 positions 14 - 4 ga.

Feed 4/0 max.

Square D NF MB Panel with LynTec sidecars.

Outside dimensions 28" w x 74" h x 6" d

Standard Main Breaker:
400 Amp - 65k AIR

Main Breaker wire:
3/0-600 kcmil Aluminum or Copper
200% Neutral has one feed lug that accepts two 350 kcmil wires.

High voltage interior may be field inverted for top feed
